B.E (CSE), Kamaraj College of Engineering and Technology, Virudhunagar Completed with 79.5 CGPA	2014-2016

SKILL:

I have a strong foundation in front-end technologies, including HTML, CSS, and JavaScript, which I use to build responsive and user-friendly web interfaces. I'm proficient in React, enabling me to develop dynamic and interactive single-page applications. On the back-end, I'm skilled in Python, where I've worked on scripting, automation, and data processing tasks. For database management, I use MySQL to write optimized queries, design schemas, and handle data relationships effectively.
